

We live in a rural community which picks up K-LOVE on an FM translator and are concerned that if LPFM takes priority we will lose our capability of listening to K-LOVE. In a world filled with garbage on the radio and TV, K-LOVE is a bright spot in our day. We know we can listen and not hear anything offensive and the music is so uplifting and positive for our day. We believe that the service provided by K-LOVE is definitely in the public interest because where else can the name of Jesus be spoken without people freaking out. In a country that claims to be 95% Christian, please let us hear some positive things on the airwaves and not garbage. Thank you for taking the time to read and consider our comments.
